PHONES: Office 88 and 108 Farms 700-7

118 West State Street

O'FALLON, ILL.

PEONIES

Special Attention of Commercial Growers.
We offer the following 3 year old plants, grown from small, single eye divisions; hence an entire new root and crown system, free from all disease and old crown rot. In most instances, these can be planted as an entire plant; only a few of the larger ones being divided, thus there will be only the very minimum of division cutting, inviting future decay. This assures a long vigorous life and the maximum of production.

	per 10	per 100
Avalanche	\$5.00	\$40.00
Albert Crouese	4.50	40.00
Augustine d'Hour	4.50	40.00

Gentlemen:

As requested in your recent communication I
am enclosing a price list of the peony varieties
we offer for sale.

By way of clarification I wish to state that
we do not operate a nursery, as ordinarily done.
We grow only commercial peonies and produce
plants of commercial varieties which we use in order
to keep plants on hand to true customers plants
from our own farm and then we offer our surplus
for sale to other growers. So the price sheet
enclosed is our entire literature.

Respectfully

Trippel & Barrow

E. Trippel
